FOR CATHOLIC BOY SCOUTS

Cardinal Gibbons Urges Spread of Citizenship Training.

New York, May 21.—Formation of Catholic Boy Scout units in answer to President Wilson's call to spread the movement, was urged by Cardinal Gibbons in a letter read here at a dinner to Lieut. Gen. Sir Robert S. S. Baden-Powell, chief scout and founder of the British Boy Scouts, and Lady Baden-Powell, chief of the British Girl Guides.

Religion is the true basis of citizenship, Cardinal Gibbons wrote, and the Boy Scout organization builds upon the faith of the boy, exacting of him the faithful observance of all his religious duties.

NEW PLANT WILL EMPLOY 1,200 MEN

Naval Torpedo Assembling Concern Nearing Completion

START WORK JULY 1st

Now is the Time to Build—Predicted Coming of Plant Will Mark Big Building Era.

Through reliable information received by the Chamber of Commerce the plans of those in charge of the Naval Torpedo Assembling Plant in this city, call for having two hundred skilled mechanics employed at this plant by July 1 and for the addition of 100 skilled mechanics per month until the number reaches 1,200.

That building in Alexandria is a safe and logical investment of capital has already been evidenced by the breaking of ground for twenty-four new houses in North Rosemont and the substantial growth of Alexandria's industries will doubtless invite both local and outside capital to building in Alexandria.

It is predicted that we are just entering a period that will mark the most wonderful building era in the history of our city.

Unsettled conditions due to readjustment since the armistice was signed have delayed the starting of building projects that have long been under consideration, but now that conditions are more settled it is believed that many new building projects will be started in Alexandria in the very near future.

OUR BOYS RECEIVE GREAT OVATION

Arrival of Virginia Soldiers Gala Occasion at Newport News

GOVERNOR PRESENT

Men Declare Capes Seemingly Extended Their Arms to Welcome Home Boys of the Old Dominion.

Newport News, Va., May 21.—Virginia's own, the One Hundred and Sixteenth Infantry, in which there are scores of Alexandrians, arrived yesterday morning, and was accorded the gratest welcome in the history of the city. Last night they were resting at Camp Stuart. Today they took possession of the city. Thursday they will be the guests of Newport News at a great street carnival, and Saturday morning they will leave for Richmond for a regimental parade before going to Camp Lee to be mustered out of the service.

Virginians on the Matsonia, on which the troops came back, declare that the arms of land at the Virginia capes reached out into the ocean as if to embrace them when they sighted America early yesterday morning.

The transport steamed on in Chesapeake Bay and thence into Hampton Roads. There the men were officially greeted by Governor Westmoreland Davis. Mayor Ainslie, of Richmond, Mayors of other Virginia cities and welcoming delegations from all over the State. These delegations went out early yesterday morning on submarine chasers and tugs.

Flying machines and balloons from the Hampton Roads naval base circled over the homing ship. The tugs and launches went as near as they dared. Oranges and cigarettes hurtled through the air. Mothers exchanged greetings with their sons, and fierce rebel yells rent the air.

Few people were allowed on the dock, the army authorities excluding all rather than be charged with favoritism. One by one the Virginia veterans, tried and true, filed down gangplanks and look their places on the dock. Bands played and wives of some of the men who were on the pier snatched a brief kiss as their loved one passed the space roped off for them.

The troops were preceded by an automobile truck laden with high roses. Little girls strewed the streets with these, the men crushing them into the pavement with their hob nailed shoes.

Thousands of school children, banked on a bluff overlooking the line of march, had formed the word "Welcome," and each wore a dogwood blossom, the official flower of Virginia, The effect was a beautiful one, but disappeared as if by magic when the first of the troops appeared.

The children, despite the efforts of their teachers, leaped to their feet and yelled like mad, waving arms and flags.

SELL DOUGHNUTS

Girls Engaged in Task For Salvation Army Drive.

Put the dough in doughnuts.

This is the slogan of a committee of high school girls who started out this afternoon soliciting contributions for the Salvation army home service fund.

These young women are making a house to house canvass with real doughnuts, and are selling them for whatever is given in the interest of the nation wide campaign to raise $13,000,000 to help the Salvation Army.

They will continue their work until the close of the week. It is also proposed to have a committee at the launching of the Betsy Bell at the plant of the Virginia Shipbuilding Corporation Saturday afternoon with doughnuts for sale.

The business men's committee is still actively at work in the canvass. The total figures of the subscriptions received thus far have not yet been compiled. However, Alexandria hopes to raise, at least, $5,000 by the close of the campaign which will be Saturday night.

HOMECOMING PLANS FOR WAR HEROES

Meeting Tomorrow Morning at 11 o'clock at Chamber of Commerce

MANY ARE NOW HOME

Every Organization Asked to Send Representatives to Complete Plans For Big Event.

The meeting which has been called by Carroll Pierce, president of the Chamber of Commerce, of the representatives of all organizations in the city of Alexandria, will be held tomorrow morning at 11 o'clock at the Chamber of Commerce.

News has already been received in this city of the safe arrival at Newport News of the 116th Infantry to which the Alexandria National Guard belongs and it is expected that a large and enthusastic meeting will be held tomorrow morning to make definite plans for an appropriate welcome to our returning boys. Every oganization in the city is invited to send representatives to this meeting.

The following letter received today by Carroll Pierce, chairman of the local committee of arrangements, from E. H. Allen, Accotink shows the interest already being aroused in the home coming of our soldiers from our neighbor in Accotink.

Accotink, Va. (Newington P. O. May 20th, 1919.

Mr. Carroll Pierce,
President Chamber of Commerce.
Alexandria, Va.

Dear Sir:

I note that you have called a meeting for 11 a. m. Thursday, May 22nd. to arrange for a suitable welcome to be accorded the soldier boys on their return. As the Daddy of one of these boys (H. O. Allen, A. L. I.) I sincerely thank you for your effort in this direction, and realizing that there will be some expense connected with the affair I am permitting myself the pleasure of enclosing my check for $10 which I hope you will use as you may see fit.

Were it not that I expect to be in Newport News this date I would attend this meeting and offer my services in any manner you could use me. Since a number of the boys of the A. L. I., came from this neighborhood we feel very much interested in this affair and I as President of our Civic League offer the services of this community to make it a success. We have the most sincere reasons to be grateful to these boys and now let us show it, and don't forget that this meeting will permit the Mamas, Daddys etc., of these boys to forget the long long days of anxious waiting. Here is to sending this affair over the top. We folks down this way shared in the tears now let us share in the yells and if this old $10 don't make noise enough let me know and I will be glad to yell again.

Yours very truly,
E. H. ALLEN.

RETURN OF THE "BOYS."

Newport News was a riot of color yesterday as 3,117 officers and men of the 116th Infantry, Twenty-ninth Division, marcehd through the streets and proceeded to Camp Stuart, Pandemonium broke loose as the boys, nearly all of whom were Virginians, including many Alexandrians, touched the shores of Virginia fresh from the great world war.

Tears mingled with cheers as the troops passed the long line of faces eagerly waiting to catch a glimpse of them in an effort to discover son, brother, husband and sweetheart.

Governor Westmoreland Davis journeyed from Richmond to welcome the boys.

There was rejoicing in our old town last night when it became known that Alexandrians were among those who had safely landed at Newport News. There was joy in many housholds when it was realized that members who had braved the deep and the clash of war upon a foreign soil were once more upon their native heath.

Preparations are in progress in this city for a rousing reception when our boys shall have been mustered out and returned to the city of their birth. There will be a hot time in the old town when they step from the train.

There should be a general turnout on this occasion as a fitting expression of appreciation of these young men who left their homes at the call to the colors and fought for Liberty, the precious heritage left us by the fathers of the republic.

The Alexandrians while abroad have feasted their eyes upon an interesting section of the old world. Some have sauntered through the streets of Paris, others in London, while the great majority have gazed upon the rural portion of France, the prettiest probably in the world. But the words of John Howard Payne—"There's no place like home"—have often cast them into reveries. Some may find graphones in their homes when they shall have returned,—"Carry Me Back to Old Virginny"—as often heard, will thrill their souls as did "Dixie" when they were engaged in the fearful clashes of war against a cruel enemy.

DRY LAW REPEAL

(From the Baltimore Sun)

Overtopping in interest every other phase of the President's message to Congress was that boldly proposing the repeal of that part of the war-time prohibition act which prevents the manufacture or sale of wines and beer after July 1 until after peace shall have been proclaimed and the American Army shall have been demobilized.

Recommendations regarding every other question which the President discussed in his message were anticipated. That he would deal with the return of the railroads, the surrender of the wire services, with modifications of the taxation laws, labor problems, woman's suffrage and the tariff was fully expected. But there was nobdy in Washington who claims that he either knew or expected the President to touch prohibition even with a 40-foot pole.

For many months the belief has prevailed that it would be suicidal for any political leader of more than precinct caliber to challenge openly prohibition in any form or any degree. There has been a notion that the drys were prepared to burn any man at the stake who had the audacity to advocate a backward step upon this question, and that the time was a long way off when any serious move would be made for a return of the country to a liquor basis, even for a few brief months.

But there was a wild miscalculation in this regard upon Woodrow Wilson. He has had the hardihood to tell the country that it is entitled to buy and to drink wines and beer until the constitutional amendment goes into effect and to serve notice upon Congress that, the excuse for the statutory prohibition, having passed, the "food conservation" nactment should be repealed. This will prove a distinct shock to many dry interests throughout the country and will give a measure of hope to the moderate minded wets, but it should be stated with frankness that the President's recommendation, in all likelihood will have no effect whatever upon the prohibition situation.

In other words, Congress is a packed jury upon this question. Both houses are dry by pretty safe majorities, according to every indication. It might not be possible to get a two-thirds vote again, as at the beginning of the last Congress when not now a question of two-thirds, it is a question of a majority, and if the amendment was up, but it is the dry laders are not able to command a majority in at least on house (which is all that is necessary to kill the proposed repealer), then the reaction against prohibition is infinitely more pronounced than anybody believes it to be.

GERMAN REPLY DUE TODAY

Allies Refuse to Grant Extension of 15-Day Limit

Paris, May 21.—The German plenipotentiaries will deliver their observations on the peace treaty terms today. No extension of time for replying has been given them.

The general impression in conference circles is that the Germans ultimately will sign the treaty.

The answer of the Council of Four to the German note regarding reparations, which was handed to the Germans last night, points out in reply to the German refusal to admit responsibility for the war that it is impossible to disassociate responsibility from reparation.

The reply recalls that the Germans raised no objection to Secretary Lansing's note of last November 5, in which he spoke of German aggression. The Council of Four also refuses to admit that the German people may disclaim responsibility for the actions of the former German Government.

There has been no change in the decision of the Peace Conference leaders not to make public at present the text of the peace treaty presented to the Germans, notwithstanding demands for its publication from some quarters.

REFUGEES IN GERMANY

Their Presence Aggravates Acute Situation

More than 200,000 refugees ejected by the Poles from disputed territory in Silesia and East Prussia have arrived in other sections of the country. Their presence is materially aggravating a situation which has reached an acute stage. It is reported that the natives are organizing a force of minute men after the fashion of 1813, arming all the males of fighting age. The gravest apprehension is entertained in Government and military circles.

A conservative political leader in the troubled district declared that the first provocation offered by the Poles likely would start a conflagration.

"Besides the Government troops," he said, "there are 350,000 civilians available. Once the fury of the people is unloosed, there is no telling what will happen. It may result in a most frightful massacre."

SEALED IN FREIGHT CAR

Niagara Falls, Ont., May 21.—John Munchomer, 19 years old, was taken from a sealed freight car here Monday night after being locked in it since Friday.

MunchoKmer, who lives in Harrisburg, Pa., crept into the freight car Friday afternoon, hoping to be carried to Buffalo. The car contained carpets and dry goods and the youth was without food or water until rescued. The car was being shunted in the Grand Trunk yards when Munchomer's knockings on the door were heard. He was deported by Canadian immigration officers.

SALZBURG DEFIES AUSTRIA

Province Sets up Own Government And Expels Viennese

The German Austrian government is being defied by an autonomous government which has been established in the province of Salzburg, western Austria.

The members of the new government have expelled a dozen Viennese residents of Vienna and neighboring Salzburg who are opposing their opposition to the seizure of contraband food from foreign countries received in Vienna for the agricultural products of the province. The Salzburg government also is refusing to hand over to the central government in Vienna the proceeds of the income tax.

Over There and Over Here

OVER THERE

HONEST now, did you really think that the pale, frail girl in the dark blue bonnet who begged a few pennies from the busy passer-by would ever do all she did for our boys? She surprised you. Yes, you'll admit she made a big sacrifice—took a big chance and made good.

And what do the doughboys think of her? Every one of them would go through a Hell ten times worse than even Prussianism could conceive to pay back his debt to her. Well, if she's his friend she's yours. Now show your gratitude for the work she did "over there" by making her work over here a little easier.

OVER HERE

When she comes back—and let's not overlook her bigger brother—there'll be plenty of the old work to do right here. Disease and crime don't call off their activities for even a world war.

Dank, dismal alleys reeking with destitution and despair loom up to take the places of the mud and blood soaked trenches of France. They are the battle ground on which Christianity must fight to redeem fallen humanity.

If you could grasp just an inkling of the good and happiness your money can bring, how glad you'd feel to give. So be a good fellow—help the Lass who fed doughnuts to our lads, for some day, maybe, one of these same lads who bled for you in France may need her help again. And you're not the kind who'll let money stand in the way of helping him and his, are you?

$13,000,000

To be raised in a new way—without the old familiar tambourine. Every cent of it to be spent in America for Rescue Homes, Orphanages, Hospitals, Lodging Houses for the Poor, Day Nurseries, Infant Shelters, Industrial Centers, Free Clinics and Dispensaries, Fresh-Air Farms for Tenement Children, Shelters for the aged and helpless, Free Employment Bureaus, Prison and Rescue Work, Free Ice and Coal Stations, Comfort and Aid for the American boys who fought in the war and for their families and relatives.

With your money a man's body and soul can be held together.

Can you refuse to help?

ROBINSON MONCURE,
118-5c Trustee

To the Voters of the City of Alexandria.

The City Democratic Committee urgently requests all citizens who have the right of suffrage to cast their ballots on Tuesday, May 27, 1919, for the Hon. R. Walton Moore, of Fairfax County, for the Congress of the United States.

He is the nominee of the Democratic Party, and should receive the cordial support of all loyal democrats. A better equipped candidate could not have been selected for the standard bearer of the party. His brilliant mental attainments and lofty traits of character pre-eminently qualify him for the position. If elected, he will discharge his official duties with singular ability, and his constituents will have a representative of whom they can feel justly proud. In order to maintain the present state of prosperity prevalent in the city and district, it is of the utmost importance that the people should have a representative in the National Congress whose capabilities will command influence and respect. It will be impossible to accomplish his defeat if those who have the right of suffrage perform this important civic duty.

Respectfully,
City Democratic Committee,
By Charles Benrheim, chairman.

TO LIMIT FOE DYES

Only Amount Actually Needed will be Permitted to Enter

The importation of German dyes will be prohibited except to the extent that they are needed in the United States, the War Trade Board announced in a statement outlining the policy declared by Congress concerning enforcement of the trading with the enemy act by the Board.

To determine the extent German dyes are needed, the War Trade Board has appointed an advisory committee composed of eight members, four representing dye producers and four consumers.

Under an arrangement made between representatives of the Associated Governments and the German delegates last March the Board's statement says, Germany was to be permitted to export a portion of its surplus dyes and dyestuffs if the Associated Governments wanted to purchase them.

HAWKER STILL MISSING

Bold Aviators May Have Perished in Attempting Trans-Atlantic Flight

London, May 21.—An hour after hour slipped away yesterday and the radios from ships on the North Atlantic brought no word of Harry G. Hawker and Mackenzie Grieve, fear increased to practical certainty that they had perished in attempting to fly from Newfoundland to Ireland.

Scores of ships methodically searched the seas, but, not even a wireless from Hawker was heard by any ship or shore station from the moment he shot away from the Newfoundland coast Sunday evening and headed for Ireland. This, it was pointed out, might indicate some accident befell Hawker shortly after starting.

The theory that he might actually have landed at some remote point was given no credence.

Hope for the safety of Hawker and Grieve virtually has been abandoned by the Admiralty.

Absence of any report of a call from Hawker's plane, which had a wireless sending radius of a hundred miles, inclines naval and aviation experts to the view that the plane fell shortly after leaving St. Johns.

PUSHES SUFFRAGE CAUSE

Republican Leader Will Call up Measure for Passage Today.

Representative Mondall, of Wyoming, Republican leader, announced in the House yesterday that the resolution proposing submission of an equal suffrage constitutional amendment would be called up today for passage. His announcement followed a favorable report on the resolution by Representative Mann, of Illinois, of the House suffrage committee. Representatives Clark of Florida, and Saunders, of Virginia, announced they would submit minority reports.

A similar resolution was offered in the Senate by Senator Jones, of New Mexico, retiring chairman of the Senate woman suffrage committee, and supporters plan to urge quick action.

STAYS ON HUN BORDER

Pershing's Cancelling of Reception in London Viewed as Significant

London, May 21.—All arrangements for a monster reception and procession in honor of Gen. Pershing on his forthcoming visit to England have been cancelled, it was announced at American army headquarters here yesterday.

It was semi-officially stated that it is considered necessary for Gen. Pershing to remain in France for the time being.

This explanation coupled with Marshal Foch's inspection of the Rhine front and Premier Lloyd George's visit to the British army of occupation, gives added strength to reports from Paris that the allies are preparing for swift military action in case Germany refuses to sign the treaty.

Brussels, May 21.—Marshal Foch is quoted by the Belgian press as having said in an interview:

"The Germans will sign when they see they cannot avoid signing. If not—we are ready."

KILLED CALLING ON GIRL

Man Shot Dead on Disobeying Alleged Warning of Farmer.

Chatham, Va., May 21.—Lee Barrett, prominent farmer of Gretna, has been landed in the Pittsylvania county jail on the charge of killing Charles Neal, who had been paying attention to the former's 18-year-old adopted daughter.

It is alleged that Neal had been warned to stay away from the Barrett home. When he went to the house Saturday night he was confronted by Barrett, who was armed with a shotgun, and who is alleged to have fired three times at close range into Neal's body.

TO WEAR CLOTHING

Garb of Nature Stunt in Coventry Pageant Will be Done Away With

London, May 21.—Lady Godiva may ride no more in Voventry. Leastwise not in the garb that nature gave her, or any approach to it. For many years the Godiva pageant, which memoralized the day when a titled lady rode naked through the town to redeem a tax and a peeping Tom looked from behind his curtain, gave Coventry distinction.

Now church people have started movement to fully clothe the female who impersonates Lady Godiva in a revival of the pageant along with the peace celebration.

CONSTIPATION

Much Suffering, Black-Draught Relieved.

Mendorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action leaving no bad after-effects, it has won the praise of thousands of people who have used it.

W. A. SMOOT & CO. INC.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

WARNS RENT BOOSTERS

Senator Sherman Threatens to Work for Removal of Capital.

If rent profiteering continues in the District of Columbia, Senator Lawrence Y. Sherman, of Illinois, proposed a drastic remedy, nothing less than the wiping out of Washington as the Capital City altogether.

He declares he will introduce a bill moving the National Capital to St. Louis, or some other central city, if the Washington landlords make big "boosts" in their rents when the Saulsbury act ceases to be in effect.

"Five hundred million dollars will pay for all the government buildings in Washington," he says. "They could be erected in some other city for that cost. That is a small sum today, comparatively speaking.

"I do not think that many persons here realize the extent of the feeling that has been aroused among members of Congress by the exorbitant charges for rent and food and clothing they have been compelled to pay in Washington. A bill of the kind I propose to introduce will have strong support."

Senator Sherman may be chairman of the Senate Committee on the District of Columbia.

DEATH OF MRS. JOHN McCUEN

Mrs. Mary E. McCuen, sixty-one years old, wife of John McCuen, died at 12:45 o'clock yesterday afternoon at the Alexandria Hospital where she had been a patient for several weeks. Mrs. McCuen is survived by her husband. Her funeral will take place at 4 o'clock tomorrow afternoon from Wheatley's mortuary chapel. Services will be conducted by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church and burial will be in Bethel cemetery.

RIOTING IN GERMANY

TIME TO ACT

Don't Wait for the Fatal Stages of Kidney Illness. Profit by Alexandria People's Experiences

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attack may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Alexandria proves the effectiveness of this great kidney remedy.

Mrs. A. W. Ballard, 506 South Alfred Street, Alexandria, says: "I could hardly get around, my back hurt so. When I bent over I would get so dizzy I could hardly straighten up. There was a throbbing ache in my head most of the time and I always felt tired. Doan's Kidney Pills relieved me of all kidney complaint and I believe if I hadn't taken them in time the trouble would have been pretty serious. I certainly can recommend Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ballard had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

INGOMAR—JUNE ELVIDGE

"The Appearance of Evil," starring June Elvidge, will be the attraction at the Ingomar tonight.

Pathe Weekly News will also be shown.

GRAND THEATRE

This feature, which will be shown at the Grand Theatre tonight is a capital one. The many novel and ludicrous situations in the play, the indescribable amount of fun which Mr. Barrymore communicates to the audience through them, and the easily followed story, in spite of its many comic intricacies, contribute to make this one of the most notable feature comedies ever produced on the screen.

Also "Houdini" The Master Mystery.

RICHMOND—Marguerite Clark

Marguerite Clark, known as "the sweetest girl in motion pictures," has scored another decisive hit in her new Paramount photoplay, "Come Out of the Kitchen," at the Richmond Theatre tonight.

Miss Clark has a charming role in this photoplay. The picture has been sumptuously produced while the supporting players are of the best.

"The Amateur Liar," the new comedy starring Mr. and Mrs. Sidney Drew, which will be shown at the Richmond as an extra attraction with the above, accomplishes. It is every way a worthwhile comedy.

PASTOR AND SON JAILED

Young Man in Richmond Hospital May Survive Wounds

Richmond, Va., May 21.—Robert Spencer, 32 years old, who was shot several times by the Rev. Charles T. Beall, about 50 years old, prominent member of the Baptist General Association of Virginia and pastor of four churches in Buckingham county, was reported as being in a favorable condition in a Richmond hospital Monday afternoon, despite the fact that the patient is wounded in the head and back.

The minister, who is a native of Pennsylvania, and his son, an alleged accessory in the attack on Spencer, are being held in the Farmville jail to await a preliminary hearing.

The minister and Spencer quarreled before the shooting. Spencer is said to have been attentive to the minister's 19 year old daughter and Beall wanted him to marry her.

STILL STRIKE RIDDEN

Situation Unchanged With Crisis Near—Government Remains Aloof.

Winnipeg, May 21.—The strike situation at 11 o'clock Monday was unchanged. The city is quiet. This morning there was no disorder.

The general strike continues unabated.

City officials and employers are understood to have ready a proposition for submission to unionists here in an effort to break the general strike binding the city since Thursday. The agreement was intended to pave the way for further adjustments after work had been resumed.

Prior to submission of the proposal, strikers refused to say what their attitude will be.

The strike began when demands of metal and building trades union for higher wages and better working conditions were not met. Employers in some lines said they would quit business before meeting the demands.

SINN FEIN PLAN TO WILSON

Lansing Refers Request That Delegates be Received in Paris

Paris, May 21.—Secretary of State Lansing on his return Monday from his visit to England, referred directly to President Wilson the request made of him by the American delegation now in Europe as the representatives of Irish societies in the United States.

This was that the Secretary present a formal request to the British government that Prof. de Valera, Arthur Griffiths and Count Plunkett, Sinn Fein leaders, be given a safe conduct to come to Paris and present their case to the peace conference.

REACHES PONTA DELGADA

Seaplane Makes Record in Flight From Horta

Ponta Delgada, Azores, May 21.—The American seaplane NC-4, flying from Horta, Fayal, to Ponta Delgada, St. Michael's, at the Azores, at an average speed at 99.7 land miles an hour, made the fastest time yesterday yet made by any of the seaplanes on the ocean flight.

She took off at 8:40 o'clock New York time, and landed in the harbor at Ponta Delgada at 10:24 o'clock, one hour and forty-four minutes later. The distance is 150 nautimiles, and her speed in knots averaged 86.7 an hour, about eight knots faster than the trip from Trepassey to Horta.

At Ponta Delgada she is being rafilled with gasolene to take the air to complete the flight across the ocean, 800 miles more, tomorrow or the first good day following.

The American seaplane NC-3, which was missing for two days on the flight from New Foundland to the Azores, is cripped by damaged wings. but can be repaired, it was stated after an examination of the machine.

The damage was done by heavy seas striking the wings while the flying boat was on the surface. Commander Towers descended because he did not trust his instruments, it was declared.

The men underwent many hardships, They endured five hours of constant rain and a buffeting from the waves which prevented the big plane from getting into the air again.

When the NC-3 came into Ponta Delgada under her own power the population swarmed to the waterfront and gave Towers and his men an enthusiastic reception.

The people had been waiting for days to greet the Yankee trans-Atlantic fliers and this was their first opportunity to do so.

Members of the crew declared that they first descended to the surface sevnty-five miles west of Pico after having lost thir bearings. They sent out many radio calls and were first sighted by a destroyer.

LEADER ISN'T "LENIENT"

New York, May 21.—E. C. Dinwiddie, superintendent of the legislative dpartment of the Anti-Saloon League of America, was asked yesterday what policy that organization would pursue toward President Wilson's recommendation for repeal of war time prohibition as it affects beers and wines.

While refusing to commit himself definitely, Dinwiddie said "the attitude of the liquor elements toward the eighteenth (prohibition) constitutional amendment, in refusing to accept that as the final word of the people, does not intend to promote any feeling of leniency toward them."

Dinwiddie called attention to the fact that, "irrespective of what may be done in regard to war time prohibition, it will not affect the eighteenth constitutional amendment."

Be Strong

THE strong and vigorous man or woman is envied by less fortunate humanity afflicted with aches, pains, infirmities and ailments. The sufferer says to himself, "If I could only be well, how happy I would be," for health is more essential to the joy of living than is wealth.

The kidneys almost literally wash the blood and keep it clean and free from impurities. When the kidneys are out of order, they fail to filter out this waste and poisonous matter. It remains in the system to cause backache, rheumatic pains, sore muscles and stiff joints.

Foley Kidney Pills

help the system eliminate this poisonous waste. They soothe, strengthen and heal sore, weak and diseased kidneys and bladder. When the kidneys are working properly, appetite returns, refreshing sleep is possible, and health and strength come again.

C. W. Smith, 1205 No. 4th St., Salina, Ks. writes: "I am very much pleased with Foley Kidney Pills. I am working in a coal yard and have been very much troubled with my back. I have taken several doses of Foley Kidney Pills and they have already helped me.
